Item 7.01 Regulation FD

As previously reported, in connection with certain claims by Capital Royalty Partners II L.P., as Secured Party and as Control Agent, Capital Royalty Partners II – Parallel Fund “A” L.P., as Secured Party, and Parallel Investment Opportunities Partners II L.P., as Secured Party (collectively, “CRG”), of events of default under a loan agreement, CRG filed a Verified Second Amended Petition and Application for Temporary Injunction on June 1, 2016, in The District Court of Harris County, Texas against Navidea Biopharmaceuticals, Inc. (the “Company”) seeking to restrain the Company and its subsidiary guarantors from taking certain actions.

On July 13, 2016, a hearing was held in The District Court of Harris County, Texas with respect to the aforementioned Application for Temporary Injunction. At the conclusion of the hearing, the Court ordered the parties to mediation and stayed any ruling on CRG’s request for injunctive relief until after a mediation has been completed. The Company is continuing to assess its various strategic alternatives relating to the CRG litigation.

Statements contained or incorporated by reference in this Current Report on Form 8-K which relate to other than strictly historical facts, such as statements about the Company’s plans and strategies, expectations for future financial performance, new and existing products and technologies, and markets for the Company’s products, are forward-looking statements. The words “believe,” “expect,” “anticipate,” “estimate,” “project,” and similar expressions identify forward-looking statements that speak only as of the date hereof. Investors are cautioned that such statements involve risks and uncertainties that could cause actual results to differ materially from historical or anticipated results due to many factors including, but not limited to, the Company’s continuing operating losses, ability to repay debt, the outcome of the CRG litigation, uncertainty of market acceptance, reliance on third party manufacturers, accumulated deficit, future capital needs, uncertainty of capital funding, dependence on limited product line and distribution channels, competition, limited marketing and manufacturing experience, and other risks detailed in the Company’s most recent Annual Report on Form 10-K and other filings with the United States Securities and Exchange Commission. The Company undertakes no obligation to publicly update or revise any forward-looking statements.
